

Event Coordinator Committee

FACT SHEET

All Committee Members

Woodbury Days Council Members meet quarterly on the third Wednesday of the month in January, April, July and October. In addition, we meet weekly the 4 weeks prior to the event on Wednesdays and the Wednesday after the event. All Committee Members are expected to attend these meetings. We also ask that all committee members are present during the three days of the event, as possible.

All committees require a fair amount of work, therefore we have multiple people on each committee along with a Chair and Co-Chair leading each committee. The descriptions below are not all inclusive but rather intended to be an overview of the duties involved. We have a Timeline that outlines in detail all duties required for each committee. **Important Note:** The responsibilities listed below refer to the committee as a whole, not each individual member of that committee.

Committee Chairs and Co-Chairs

In addition to needing Committee Members, each committee needs a Chair and Co-Chair. WDC needs people that would like to lead the committees and make sure all duties of that committee are completed. The Chairperson would delegate, organize and keep track of the tasks that are needed for the committee they are in charge of. They are responsible for making sure all tasks are completed by committee members in a timely manner.
